MUSIC FOR SOLO HORN

Two of today's leading composers for horn are featured in our line of works for solo horn. **Kerry Turner** has won much acclaim both as a hornist and composer. In 1987 he was Bronze Medallist at the 39th Prague Spring International Music Competition. As **1st Prize Winner in the 1988 International Horn Society Composition Contest** with **Quartet No.1** (Nr.214505), Mr. Turner continues here to write more exceptional works for horn. **Chris Wiggins** has a considerable reputation under hornists with large repertoire for players of all technical levels.

..."The works [of Mr. Turner] are written in a tonal, rhythmically charged, melodically engaging, technically challenging and idiomatic style, with well-placed rests in each of the parts" ... (The Horn Call magazine, September 1992)

PASSE-PARTOUT SERIES

The French word "Passe-partout" means "Master Key". As the title implies, this music serves as a key that unlocks the door to the possibility of an unlimited variety of instrumental combinations. The music in these books is readily playable by any, or all, of the instruments that are depicted inside the ring of the key on the cover of each book. The instruments listed at the side of the key state which can play along by using other books of this series with the same title. The music is composed by Chris Wiggins and is light, entertaining

and ideally suitable as lesson material. Above all it is music simply to be enjoyed by both player and listener alike.

There are 4 different sets in this series. **3 x 3**, **4 x 3** and **5 x 3** are all written as trios. Each title depicts the number of movements played by the number of players. As the name implies, **3 Fo(u)r All** is not only suitable for 4 instruments, it can also be played without either the 1st or 2nd voice, turning it into a trio. Furthermore, the 3rd and/or 4th voice can be played on piano, giving the piece an incredible amount of flexibility.
